IDM Consulting LLC

Secure IT and Logistics Support for Federal and Defense Missions

CAPABILITY STATEMENT

Company Overview

IDM Consulting LLC provides network engineering, cybersecurity, systems support and logistics services to federal agencies and prime contractors. IDM is a Virginia limited liability company organized on November 17, 2026, with two focused divisions, IT and Logistics, under one accountable management team.

SDVOSB: SBA VetCert certification in process. Not yet certified.

Core Competencies

IT Division

- **Network Engineering and Operations:** LAN/WAN and secure WAN design, implementation and sustainment; Cisco routing and switching; NOC support.
- **Cybersecurity and RMF/ATO Support:** RMF packages; NIST SP 800-53 controls assessment support; STIG/SRG implementation; POA&M management; ISSO/ISSM support.
- **COMSEC and Encryption Integration** [IT Division Lead to confirm scope and terminology]
- **Systems Administration:** Windows and Linux servers; Active Directory; patching; backup and recovery; virtualization.
- **Help Desk / Service Desk (Tier 1–3):** triage, account management, desktop and application support; ITSM ticketing.
- **Cloud Migration and Hybrid Infrastructure** [confirm platforms]
- **AI, Automation and Systems Integration** [IT Division Lead to approve]

Logistics Division

- **Supply Chain Management:** demand planning and forecasting; requisition and procurement support; vendor coordination.
- **Strategic Sourcing and Procurement Support:** vendor sourcing and procurement support.
- **Warehousing and Distribution:** receiving, inspection, storage, kitting, pick/pack/ship and issue of materiel. [confirm hazmat/shelf-life capability before listing]
- **Transportation Management and Freight Arrangement:** carrier coordination, shipment scheduling, documentation, tracking and expediting.
- **Inventory and Government Property Accountability:** GFP accountability, inventory audits and cycle counts, asset tagging and reconciliation.
- **Logistics Program Support and Process Improvement:** program support, reporting and metrics, SOP development.

Differentiators

- Veteran-led leadership team [members to confirm]
- Two focused divisions, IT and Logistics, under one accountable management team
- Small-business agility; ready to support primes as a teaming partner or subcontractor
- SDVOSB, with SBA VetCert certification in process

How We Work

1. Share your requirement. Send a sources-sought notice, an RFI, a draft SOW/PWS or a short description of the need. **2. We map the approach.** We review scope, staffing, timeline and compliance requirements, then respond with a clear, practical plan. **3. We deliver and report.** Accountable execution from kickoff to closeout, with regular status reporting.

IDM Consulting LLC is a newly formed company. Experience shown is that of our individual leaders, not corporate past performance.
